# Our Why

---

WSA is a place where students feel safe to figure out their own why... what is their mission, their place, and explore many things in a safe, supportive environment. Students don't come to learn as an individual, they come here to be part of a community.

# WSA is here to inspire students...

---

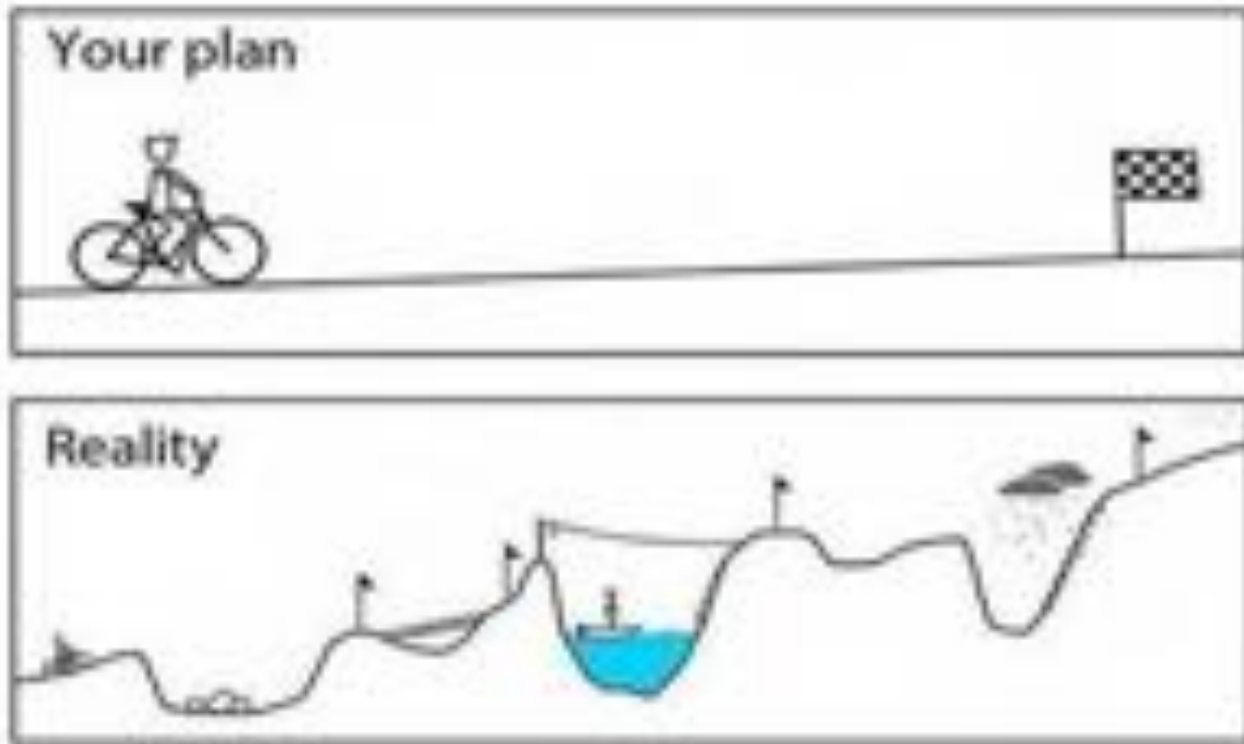

- To become independent thinkers and learners
- To consider multiple perspectives
- To give students opportunities to walk in another's shoes
- To develop caring & empathy for other human beings
- To foster and develop autonomy and self-direction
- To practice the soft skills through engaging subject matter
- To provide a place where learning is joyful
- To work as a team in an academic setting

# Remember this?

---

WSA prepares students for the path. We do not prepare the path for the students and sometimes that is challenging.

# Discover the Learner's Journey

---

We will walk the new trail and discover the learner's journey at WSA before attending 7-minute classes with your student's advisor and teachers

# Take-Aways from Tonight

Everyone at WSA cares about your student

Students will be stretched – it is good for them and uncomfortable. Parents will survive this too.

WSA, students and parents are a team working together

Sometimes we all make mistakes – see them as learning opportunities

Ask questions rather than make assumptions

We have to ask you to support the school – do what makes sense for you

Meet other parents

Use FACTS (RenWeb) to help you

Tell other people about WSA
